Michelle Hurton

Case Officer

17th June 2017

Dear Michelle Hurton,

Unit 3, Freeman's Place (DM/17/02131/FPA)

On behalf of Trustees wish to lodge an objection to this application for a change of use of open space to a beer garden. It no way equates to restricted seating areas in front of several cafes in Durham's central streets. Here, there is no opening directly from Ebony into such a beer garden. (In this sense, it is not a 'natural' extension.) Moreover, the colonised area would protrude half way across the public access, a wide stepped area, with a central rail, from Freeman's Place to Millennium Place. The applicant wishes to cordon off half of the public passage.

Yours sincerely,

Douglas Pocock

(Hon Sec, City of Durham Trust)
