Dear Mr Dalby

I wrote to you about this application on 22 December last year. In that letter I set out the Trust's broad support for this application but expressed serious reservations about the rubbish disposal arrangements that were proposed. This amended application is presumably intended to deal with those objections, but it is very difficult to assess the drawing and thus the adequacy of the proposed solution.

I would therefore ask that you give this matter close attention and satisfy yourself that the revised proposal meets the necessary criteria as set out in Policy E3 of the *Durham City Neighbourhood Plan*. This is a listed building on the main approach to the World Heritage Site and it is important that any development is of the highest quality.

Yours sincerely

John Lowe  
Chair, City of Durham Trust
