Dear Mr Spurgeon,

DM/21/01625/LB The City 84 New Elvet Durham DH1 3AQ

Remedial works to the rear elevation comprising the careful stripping and rebuilding of the rear gable

The Trust would like to support this application. It understands the structural and condition issues of the rear gable and welcomes the careful removal of existing fittings and reuse of the brick.

It welcomes the removal of the fire escape and the resulting improvement in the contribution to the townscape when viewed from the opposite riverbank.

Yours sincerely

John Lowe

Chair, The City of Durham Trust
