Erection of two-storey extension to the rear of the existing Miners' Hall to accommodate toilets, vertical circulation space and associated alterations to the rear of the host building.

Durham Miners Association Miners' Hall, Flass Street, Durham DH1 4BE

Dear Ms Morina

The City of Durham Trust has strongly supported the plans for the complete refurbishment and extension of the Miners' Hall at Redhills. It is most unfortunate that changing financial circumstances require this significant adjustment to those plans. The Trust is pleased that an imaginative solution has been found to enable work to proceed so that the main aims of the restoration are still achievable and the door is left open to the completion of the full scheme as and when finance becomes available.

The revised proposals are supported by a thorough Addendum to the Heritage Impact Assessment and the Trust has confidence in the quality of this work. We ask you to support this amendment to the application.

Yours sincerely

John Lowe
Chair, City of Durham Trust
